Our Mission

To meet each student's different and unique learning needs to prepare them for their high school career and beyond.

Our Philosophy

Our school's philosophy asserts students can reach proficiency and beyond when given the appropriate academic structure and support. We believe using standards-based instruction centered around an academic framework that utilizes small group differentiated instruction and the gradual release model will give the structure to produce a productive learning environment. Our curriculum is developed with an understanding of Ohio Learning Standards embedded in our pacing guides, and supported through instructional coaching and professional development. Using these best practices and research-based strategies for academics, students will be able to close the achievement gap. We value an academic model where students are encouraged to use higher order thinking skills and learn from error to grow at a more rapid pace. Our philosophy of education encompasses the fundamental structures of an academic framework and standards based instruction with an emphasis on using data to drive instruction. These best practices used in combination with the gradual release model, small group instruction, instructional coaching, and professional development will prove our school can close the achievement gap and reach proficiency.

Our Program

Preparing students for the future is a colossal yet exciting task. East Academy takes great pride in giving our teachers and students the tools they need to achieve success. Our curricular resources are aligned with the Ohio Learning Standards. We view these standards as the road map to direct our students to their academic goals. By using the school's curriculum and progressive technology, we equip our staff and students to reach their fullest potential. The combination of dedicated people and resources demonstrates our ongoing commitment to give each child the best possible education.

Instructional Time

Our school provided 1,211 hours of instruction, which exceeds the 920 hours required by Ohio Law. This time excludes non-academic activities.

Students with Special Needs

East Academy provides a nurturing, inclusionary environment. We assist in preparing students with special needs to lead independent and productive lives. A free and appropriate public education is provided to every student.

East Academy is a community school established under Chapter 3314 of the Ohio Revised Code. The school is a public school and students enrolled in and attending the school are required to take proficiency tests and other examinations prescribed by law. In addition, there may be other requirements for students at the school that are prescribed by law. Students who have been excused from the compulsory attendance law for the purpose of home education as deemed by the Administrative Code shall no longer be excused for that purpose upon their enrollment in a community school. For more information about this matter, contact the school administration or the Ohio Department of Education. All information contained in this report was accurate to the best of our knowledge at the time of printing.
